

Project Outsourcing Options

External Project Team

Outsource high impact projects to an experienced external project team capable of executing your project deliverables.

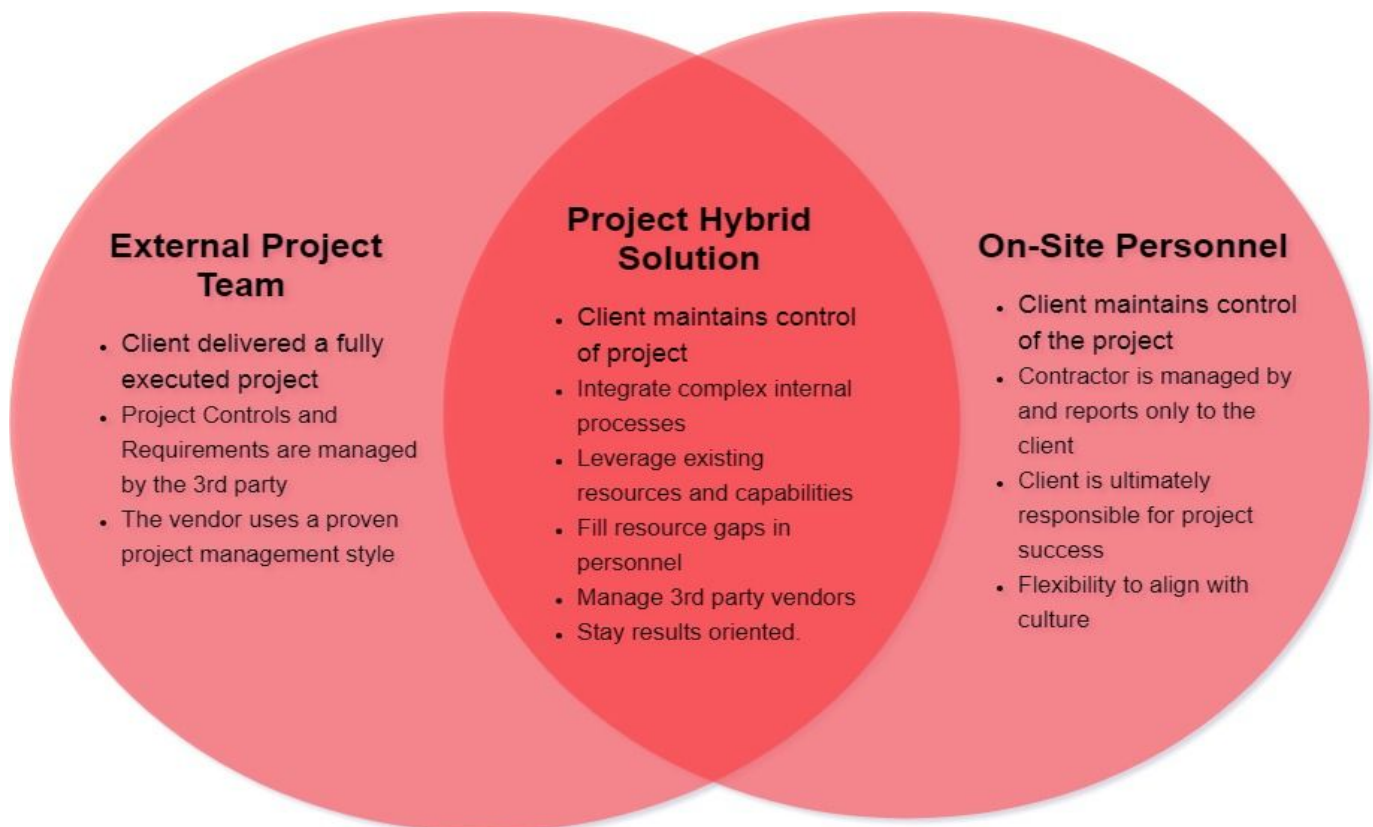

Project Hybrid Solution

Gain the best of both worlds by implementing staff augmentation with external management and control of project. Necessary personnel are provided to perform project requirements while continuing to work with the external project team.

On-Site Personnel

Short-term projects often require extra personnel for the duration of the project. Contracting personnel to assist during projects help companies stay it within budget.

Client Benefits

Note: This is a rough draft of what I think would be the best way to display this information. I can't currently deliver this in this format because it would involve tweaking the code on the site itself. With that said, I can supply a better copy of the diagram with the final revision.
